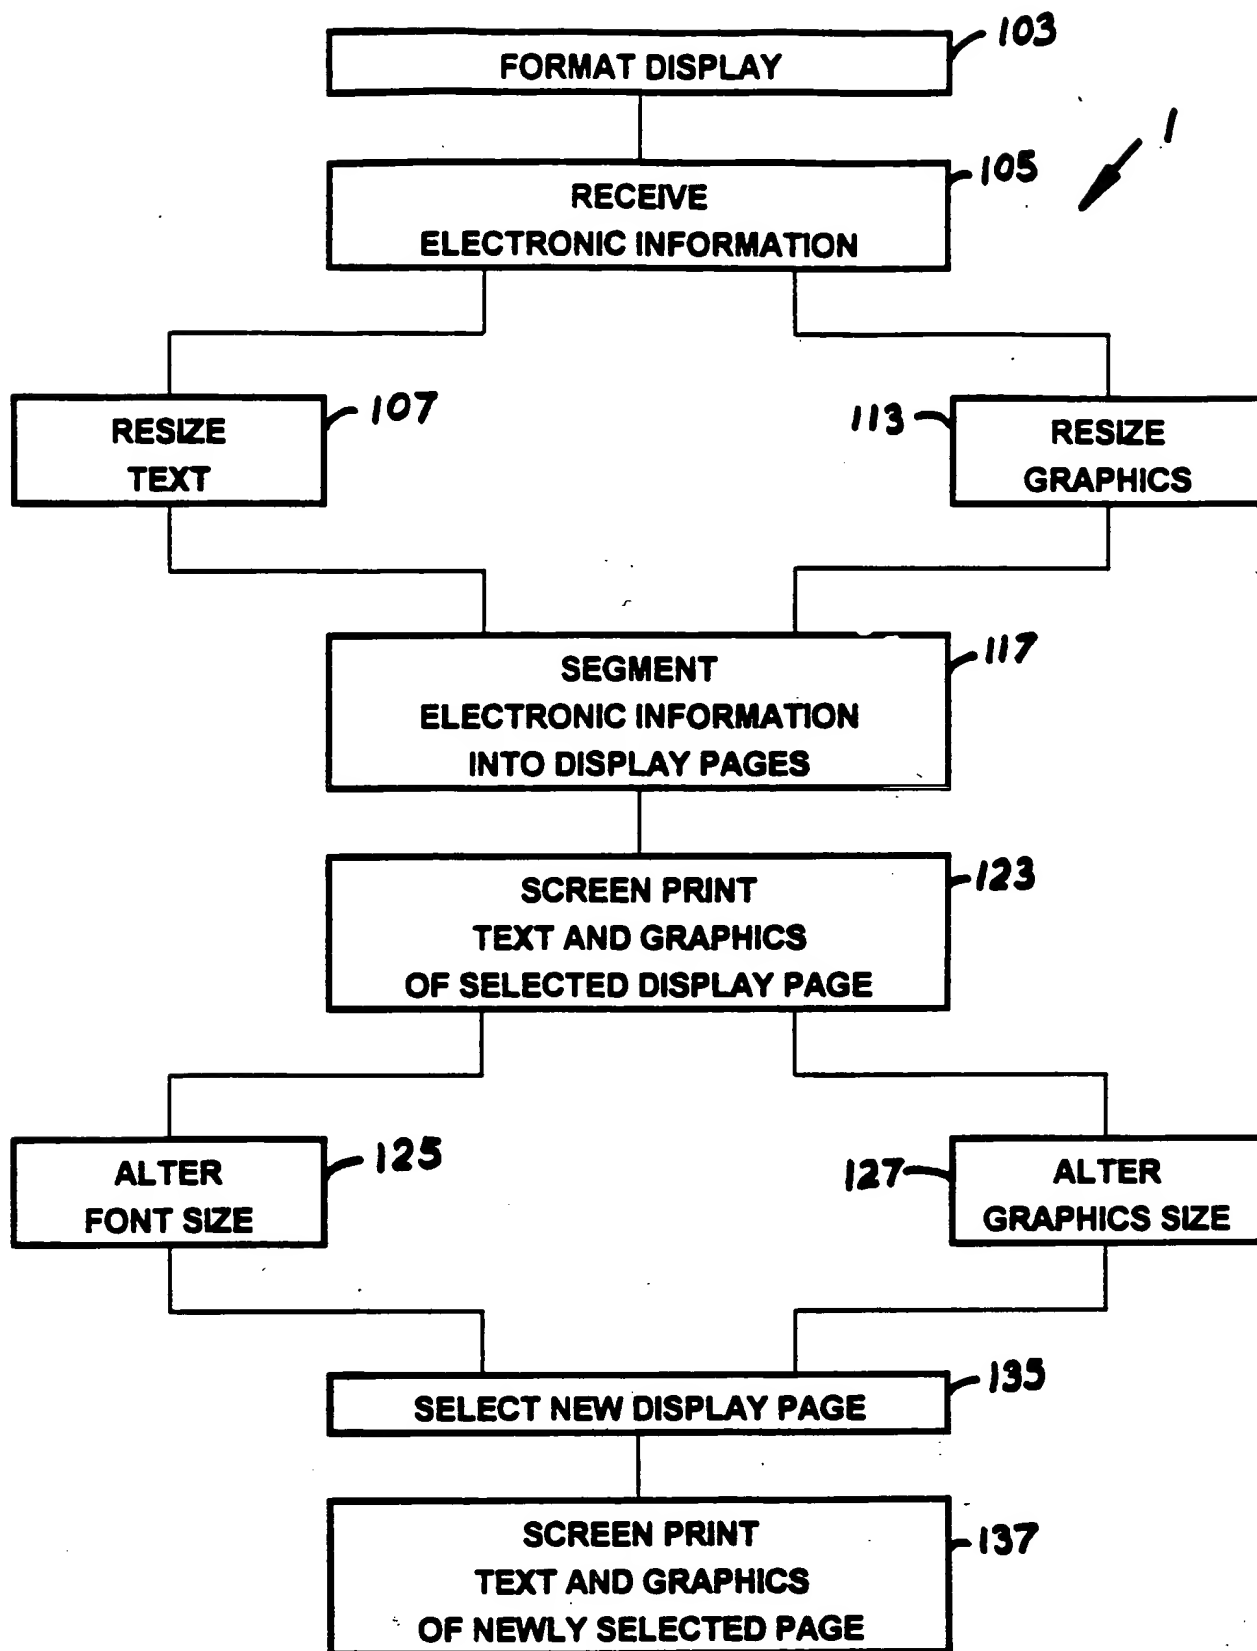

FIG. 3

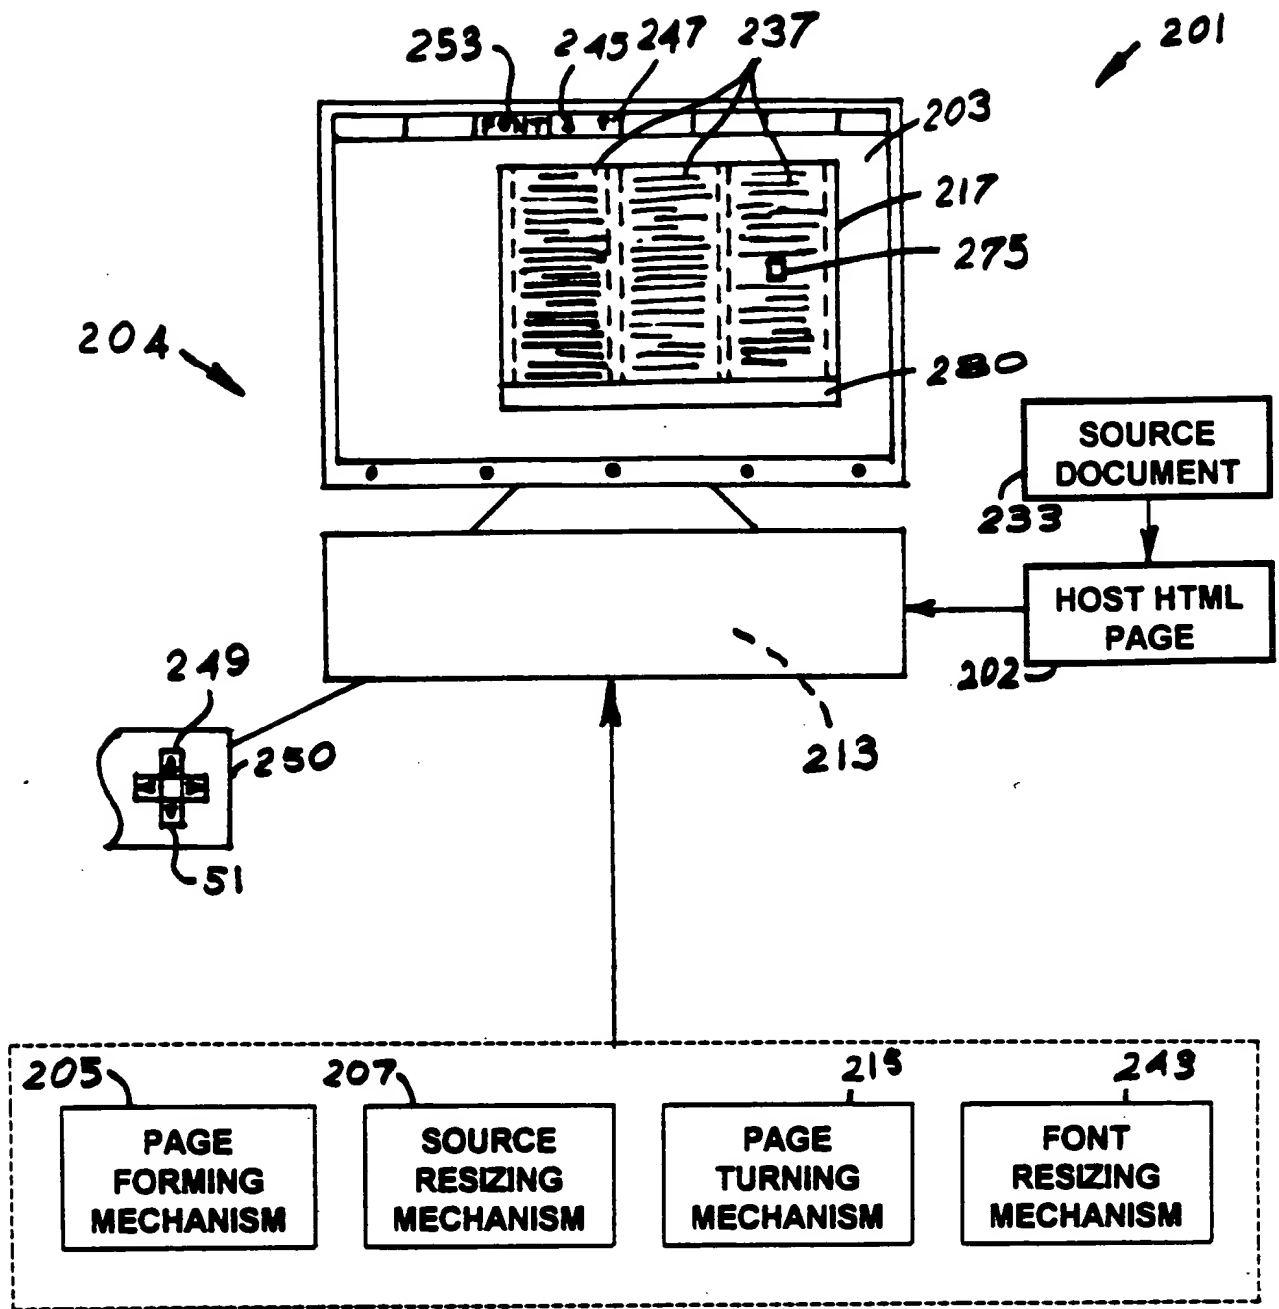

FIG. 4

The diagram illustrates a page forming system architecture. A central vertical stack of components is shown, with a 'SCREEN PAGE' box on the left and a vertical sequence of dashed boxes on the right.

Central Vertical Stack:

- PAGE FORMING MECHANISM (205):** The top component.
- SCREEN PAGE FORMATING MECHANISM (223):** Connected to the 'SCREEN PAGE' box (227) on the left.
- COLUMN FORMATTING MECHANISM (235):** Below the screen page forming mechanism.
- DISPLAY PAGE FORMATTING MECHANISM (225):** Below the column formatting mechanism, with an arrow pointing to the first dashed box (259) on the right.
- SOURCE RESIZING MECHANISM (263):** Below the display page formatting mechanism.
- IMAGE RESIZING MECHANISM (265):** Below the source resizing mechanism.
- TABLE RESIZING MECHANISM (267):** Below the image resizing mechanism.
- CONTENT FORMATTER MECHANISM (262):** The bottom component.

Right Side Vertical Sequence:

- A vertical stack of dashed boxes, grouped by a bracket labeled **257**.
- The boxes are labeled **259**, **260**, **261**, and **255** from top to bottom.
- Below these is another dashed box labeled **259**, followed by **260** and **261**.
